Rounding Integer Numbers by Comparison

Round to the nearest thousand above and below, and circle the rounded number that is closest to the given number.

1) _____ 3,355 _____

6) _____ 7,173 _____

2) _____ 9,333 _____

7) _____ 2,593 _____

3) _____ 4,118 _____

8) _____ 4,581 _____

4) _____ 3,662 _____

9) _____ 3,896 _____

5) _____ 7,745 _____

10) _____ 1,218 _____

Round to the nearest thousand above and below, and circle the rounded number that is closest to the given number.

1) _____ 72,616 _____

6) _____ 12,291 _____

2) _____ 72,451 _____

7) _____ 73,549 _____

3) _____ 35,233 _____

8) _____ 82,242 _____

4) _____ 38,496 _____

9) _____ 74,899 _____

5) _____ 43,859 _____

10) _____ 39,573 _____
